原學校 Home University	DONG-A UNIVERSITY		
原系所 Home Department	International Trade		
交換交流期間 Exchange Period	自 From ____2015__年 year / __9__月 month 至 To __2016__年 year / __6__月 month		

For the first time, when I came here, NDHU, I thought the campus size is really big and it is located in the country side. So there are not many places to hang out. Thanks to this point, I can meet lots of friends and get along with each other. I like Hualien atmosphere. It's peaceful and unstressful. I think NDHU's one of advantages is there are variety of student's clubs. So when I have free time and nothing special to do, I can go to student activity center.

And here, Most of people can speak English so even though I cannot speak Chinese fluently, it didn't matter. And I want to let potential NDHU international students know in Hualien, there's no 'City bank'. So have to use Taiwan bank's account or ATM in the campus. The extra service charge is expensive. And if you want to take in English course, you can but it is limited to choose. Some professor may not allow you take in Chinese course if your Chinese ability is not good. If you want to go to downtown, you can take bus such as 301 and 1121 etc. The bus comes every an hour in general. Exchange student cannot accept student fee. Have to pay 2 fold higher price. In terms of food, major dishes are using beef and chicken, noodles like

that. If it's not suitable to you, then you can go to convenient store 'family mart', 'seven-eleven'. There are many kinds of food like bread, spaghetti, Korean style noodle, hot dogs, dumplings and so on. Also here, you can buy train or bus ticket. It's very convenient. At the first time you come here, you may print 100 papers for free at the information center located near the library. After that, if you want to use more, then go to bank in Administration Building 1st floor. The fee is 200NTD for 100 papers.

In Hualien, famous for Taroko. It's not far from NDHU. So I can go there next to Hualien train station. I like 'sweet cotton' bread store. In here, student can discount 10%. And really yummy. Here, the weather is very hot in summer and very humid. Also raining a lot. In winter, the weather is fluctuated. So when I caught a cold, it took long time to get better. In winter, here also cold. Don't believe just the specified temperature. In NDHU, I can meet Taiwanese aboriginal students. It was cool. Also I could watch their dance performance. Here, often OIA hold various events like international cuisine market and going to sightseeing place and so on. Most of Taiwanese are very friendly so I felt thankful for their warm-heart. It was absolutely great times in my life and it is unforgettable. When I go back to my home, I'll miss my NDHU friends and I'll keep in touch with them.
