## What do participants say about CGSS?

"The program was set up superbly and the "supporters" and social activities were the highlights of the trip. It has changed my life, I have grown over time and I will never forget the friends and memories I made. I can't express how grateful I am and how much I miss South Korea and my friends." - **Nathan Seeto(Australian Catholic University)**

"CGSS 2012 was one of the best programs I have ever had the fortune to take part in. The peer supporters were wonderful and helpful. We all became very close, the members and the supporters. The field trips and excursions were wonderfully planned and enabled us to experience a lot of Korean culture and practices first hand. Plus, we learned Korean which was wonderful. I loved the CGSS program and Korea." – **Saba Tahir(St. Edward's University)**
