

Culture Tour: Luan-Shan Forest Museum in Taitong

40-minute drive from downtown Taitung, there is a magnificent forest in mountainous Dulan, south of the Coastal Range in eastern Taiwan. It is the most well-conserved mid and low altitude mixed species forest.

Today, the residents have all moved away, but the tribal site remains. Thus it was turned into an open-air forest museum with no fences, buildings or electricity at all, so that the surrounding forest may be kept. This makes museum look like a scene from the film Avatar.

Museum director Aliman and his tribal friends have been systematically protecting the forests, especially the precious giant Banyan trees. They hold environment protection and culture reconstruction educational activities, cross-tribal events, tribal stays, outdoor spiritual workshops and ecological tours, so as to connect more with the public and bring their attention to forest conservation. Welcome to enjoy its beauty from God!

鸞山森林博物館布農族文化在地文化參訪

部落位在海岸山脈南端的都蘭山麓擁有一片壯觀森林，從臺東市區到鸞山部落大約要 40 分鐘車程時間，這也是目前臺灣中低海拔僅有保存最為完整的楠榕混生林帶，該部落以布農族為主，族人原居住於海拔一、二千公尺左右的內本鹿地區，日據時代被強迫遷村到兩、三百公尺的現址。鸞山，布農族人稱為 Sazasa，意即「這是一個甘蔗會長得高、動物會活躍、人會活得很好的一塊地」。

為了保持森林原始風貌，特別將部落打造成沒有圍籬、建築物及電力設施之森林博物館，整座森林充滿自然，生態豐富，走進去有如電影阿凡達情景。森林博物館館長阿力曼與他的族人為了搶救珍貴原始的榕樹巨木群，開始有計畫的保護珍貴原始的榕樹巨木群，作為環境教育、文化重建、族群交流、部落遊學、野外靈修、生態體驗等的互動平臺。歡迎共享來自上帝的美好。
