<p>Report About 1500 words</p> <p>I have visited in Taiwan twice before. But, I visit Hualien for the first time. So I came with a lot of expectations. Thinking back then, it is very different from the expectations of the time. But I think I got a lot of other things. My life in Korea was fierce. So the life of this semester will be the experience that gave me the power to live in the future. Natural environment, quiet ambience, etc. Things I could not feel in Seoul. I am sorry to have to leave when I enjoy all of them.</p> <p>Actually, I am very shy. So I thought I would not be able to hang out with other friends. But first they reached out and gave me kindness. So did the teachers.</p> <p>The most memorable experience at National Dong Hwa University was the cultural experience. Among them, I will never forget the Hualien Ocean Adventure experience organized by OIA and Marine cultural tour organized by the Chinese language center. As I saw and felt various things, I also came to think again about caring. Being alone in a new world is a terrible thing, but it is an opportunity to get another great gift. So if the opportunity comes, I will choose one</p>			

more time. I chose National Dong Hwa University to have such a positive result, and I hope the next exchange student will have the same pleasant experience as myself.

If you want to make some suggestions to National Dong Hwa University, I would like you to send more promotional materials to the exchange university. This is because the accessibility of the website is too difficult and the information is too lacking.

I would also like to inform other exchange students about the Chinese language classes offered at the Chinese language center. Because I wanted to learn more Chinese, but I did not know about it and could not do it because I could not apply in advance.

There are many classes that do not proceed in English in major courses. However, National Dong Hwa University had to listen to at least one major courses, so I listened to music classes. If you can not provide English classes, other exchange students can not listen to their major, so I hope can fix this part.

Thanks DongHwa all people! 謝謝大家!
